

## Temperature

### Thermometers

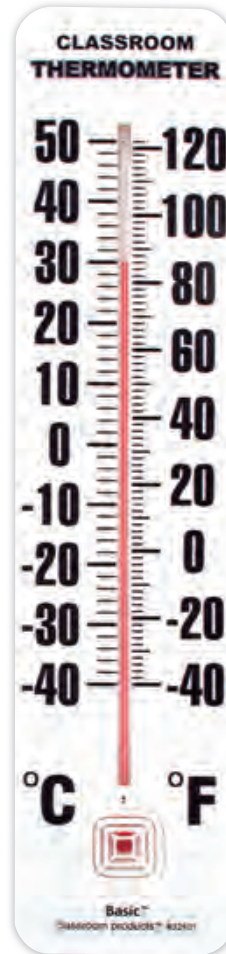

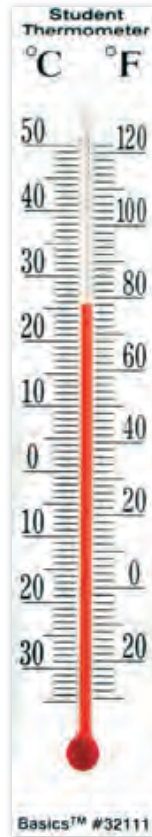

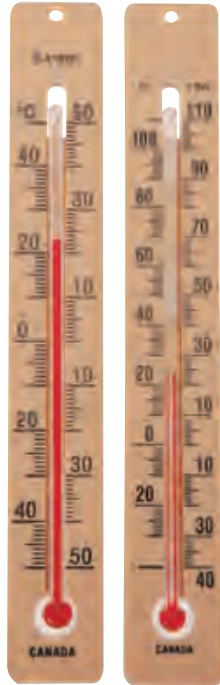

#### Student Thermometers

- 50029** \$5.00  $-40^{\circ}$  to  $110^{\circ}\text{C}$
- 50030** \$5.00  $-50^{\circ}$  to  $50^{\circ}\text{C}$

Excellent for all grades. The tubes of these 13cm, red alcohol thermometers are recessed-moulded plastic to prevent breakage. Can be immersed in hot liquids.

#### Student Thermometer (10p)

- 11852** \$27.00
- Every student can practice temperature measurements with this set of 10 thermometers. 15.3cm long. Contains no mercury. Temperature range of  $-35^{\circ}$  to  $+50^{\circ}\text{C}$ .

#### Classroom Thermometer

- 11851** \$12.00

For indoor and outdoor use, this wall mounted thermometer clearly features both Celsius and Fahrenheit scales. Recessed tube prevents breakage. Range:  $-40^{\circ}$  to  $50^{\circ}\text{C}$  and  $-40^{\circ}$  to  $120^{\circ}\text{F}$ . 7 x 38cm.

#### Immersion Thermometer

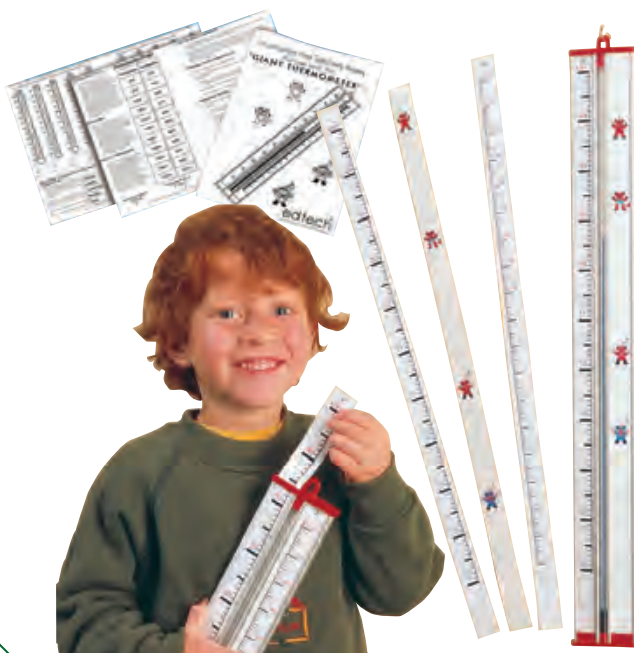

- 11854** \$9.00

Metal backed ideal for measuring the temperature of liquids. Temperature range of  $-30^{\circ}$  to  $1100^{\circ}\text{C}$ . 14.5cm.

#### Giant Thermometer

- 15957** \$70.00

A thermometer that can be seen by the whole class. Beautifully designed in a strong aluminium frame. The interchangeable scales allow flexibility of use for all abilities. Spirit filled glass capillary. 64cm long.

#### Immersion Thermometer

- 15949** \$7.00

Excellent for all grades. The tubes of these 13cm, red alcohol thermometers are recessed-moulded plastic to prevent breakage. Can be immersed in hot liquids.

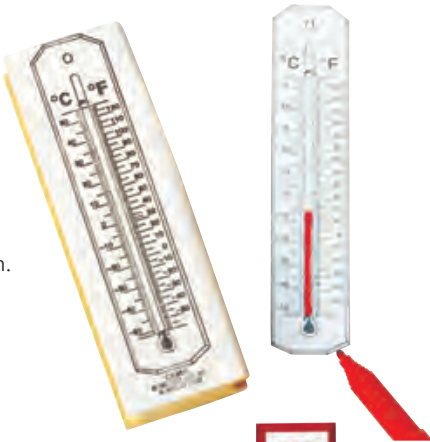

## Thermometer Stamp

12805 \$10.00

12806 \$17.00 with Stamp Pad (10029)

Teach students to understand the relationship between degrees in Celsius and Fahrenheit and track the temperature each day of a given period. Large, high quality rubber stamp. 4 x 12cm.

## VuThru Thermometer

17023 \$12.00 

Dual Scale 25cm transparent model with a red bar that can be manually adjusted to indicate temperatures ranging from -40° to 100°C. NOTE: This is not a working thermometer.

## Weather Centre

12804 \$70.00 

Create a weather station right in your classroom with these durable meteorological instruments. Students can measure and record barometric pressure, relative humidity and air temperature, allowing them to see trends, averages, highs and lows. The sturdy carrying case holds the three dials and separate stands allow them to be used individually. Activity guide included detailing the use of each instrument.

## Digital Weather Station

15950 \$85.00

Build your own weather station! You can measure wind speed, temperature, wind direction, relative humidity, air pollution, rainfall and more. Handbook of 16 interesting and easy-to-follow activities with information on wind speed, cloud analysis and more all in a handy case. 3 x AAA and 2 x AA batteries are required but not included.
